Testimonials

“

We have freed ourselves of acquiring, maintaining and upgrading IT Infrastructure by subscribing to Cloud Computing software as a service (SaaS) CBS model of Stellar Informatics Pvt. Ltd.. They employ the same high standard of care in performing the services as would have been employed by the Bank. Their service and technology architecture supporting cloud-based application has a built in adherence to globally recognised architecture principles and standards. Their support system and timely upgradation in consonance with regulatory guidelines on implementation of cyber -security make us feel at CLOUD'9.
